Considering I only have one site, Cedar Chemical. This should be easy. If we get an AOC signed by the RPs in Nov. I suppose we can get an RI/FS start on the objective.

**Subject:** Site Objectives for FY15

John had requested that we have site objectives for each site for FY 15 in a list that will be a complete compilation by Sandy. I do not have your site objectives yet for FY15. I need them no later than noon on Monday, November 3. We are going to use these to support our branch annual work plan.
